

## Social Justice Policy

1. To include social responsibility and justice concerns in our liturgy and teaching - eg in sermons, hymns, prayers; in our children's activities; in 2nd Sunday Forums
2. To make our facilities available to support events, courses or projects that promote social inclusion, justice and care, and to do so at charges that reflect that these are a priority for us.
3. To support and engage with local and global issues and projects of social justice and concern.
4. To encourage members personal efforts to engage more deeply with social issues
5. To communicate widely on social responsibility issues via our website and social media
6. For the Social Responsibility Group to help St Columba's to implement this policy.

7. To review the policy and action plan annually.
